

# Chelsea Points System

---

The Chelsea Reservation System uses a weighted lottery to determine tee times. Team points are calculated based on the member's points. Each member's 14-day moving average is added to the team total. The team total is divided by the number of player's to obtain an average for the team. The average is used in ranking the teams. A guest assumes the points of the sponsoring member and is counted in the team's average.

*Example:*

Player	Net Points
Captain	2
Player 2	1
Player 3	3
Player 4	4
Total	10
Number of Players	4
Team Average	2.5

Teams are placed by lowest average receiving priority. Ties are broken randomly by the system.
